

## ESOL Bible Study Resources

For the past twenty years there has been a significant outreach to Internationals from South West Baptist Church, (formerly Spreydon Baptist Church). This initially was through the Spreydon English Language Centre and carries on through a vibrant group called Rice Cube.

In these groups we have focussed on teaching English using the Bible as the basic text. Our Bible study resources were written by Marjorie Robertson who, unable to find suitable materials, decided the best solution was to write them herself. She adapted an approach used in American materials, "Adventures in English," put out by International Network. The studies are prepared for use with the Contemporary English Version (CEV) of the Bible. All the studies have been used in the classes and found to be effective.

Christian based materials to help students understand the true significance of Christmas and Easter have also been produced. These materials are: "Easter - Holidays and Holy Days," and "What's Christmas all about?" Marj graduated from Canterbury University with a B.Sc. She retrained as an English as a Second Language teacher, completing her Dip SLT from Massey University in 1998. In the years following she has had extensive experience teaching groups using these materials.

These resources are available on CD enabling people to print the materials as required.

### Christmas and Easter resources:

"What's Christmas all about?" and "Easter - Holidays and Holy Days"

**CD of these materials** \$10

### Bible Studies: Level: Elementary

#### Level: Intermediate
